

## **COVID-19 Response Plan At-A-Glance**

March 25, 2020 Version 1.0

C3 Denton is making changes to match the current realities before us in this unprecedented new reality created by COVID-19. For the full plan go to [c3denton.com](http://c3denton.com) or Church Center. Here is how we will walk together as the body of Christ over the next 3 months:

### **Communication**

Communication is crucial. We'll be using our **website, email, social media, Zoom, Church Center, and text messaging** in differing capacities. Through these platforms we will distribute resources, make updates, connect as a church, preach & teach, gather virtually in groups, and serve our community.

### **Sunday Service**

**Sunday gatherings** will be moving online using Facebook, [c3denton.com](http://c3denton.com), and YouTube, hoping to include as many people as possible. Our service will still include the familiar elements of worship, preaching, prayer, and C3Kids and we are asking our full congregation to continue to attend online.

**C3Kids** starts at 10a, **Sunday service** starts at 10:30a.

### **Pastoral Rhythm**

We have developed a new schedule of ways that our leaders can continue to be a calming and reassuring presence to our people and community. The **weekly schedule** can be found on Church Center, Facebook, and [c3denton.com](http://c3denton.com).

### **Group Gatherings**

Groups are meeting virtually until ordinances are lifted. One of the primary ways our people are being cared for is that our group leaders are **staying in contact** with their members, calling them regularly to check in, discovering pain points, and discussing ways to meet needs that are known. Check the **schedule** for details.

### **Families**

Our families need to know that **we are thinking about them**. We are reaching out, connecting, and encouraging our many families via **personal calls** and specially curated **online content**.

### **Caring For People Within The Church**

Caring for one another is essential during this time, and we are asking that everyone at C3 play a part in that effort. A new **Vulnerability Care team** is helping identify and care for those whose need during this time is especially great. Find the form on [c3denton.com](http://c3denton.com).

### **Community Outreach**

Times like this are a unique opportunity to be the hands and feet of Jesus. Our primary way to do that for those around us is by **receiving and distributing essential hygiene and cleaning items** through CarePortal and Salvation Army. We are also sending **letters and artwork to seniors** in nursing homes and assisted living facilities so they feel loved and not forgotten. See details in the full response plan on [c3denton.com](http://c3denton.com) and Church Center.
